

Time-Tested Launch Process

We partner with you from day one:

Custom graphic design and logo creation.

Content migration & page redirection.

ADA accessibility review & training .

New launch support and ongoing editing assistance.

Existing clients are offered new standard features at no cost to implement.

Every third year design refresh.

You never feel overwhelmed or forgotten — we keep everything on track so your site launches smoothly and stays easy to manage.

We Work With You to Meet ADA Accessibility Guidelines

We work side-by-side with you to help your municipal website move toward WCAG 2.1 Level AA accessibility expectations for the website and online documents.

Built-in PDF accessibility checker with pass/fail results and detailed issue reports.

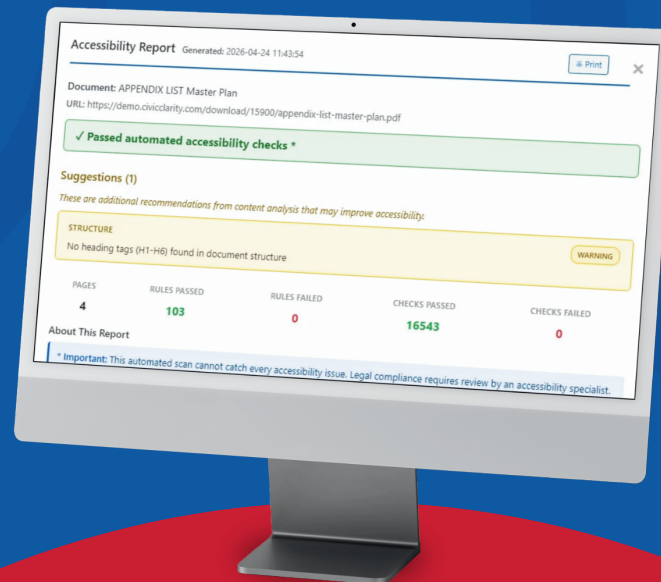

Educating your editors on practical maintenance.

Self-review tools training.

ADA reviews and page fixes as requested.

The Technology Behind Civic Clarity

Your site stays online, secure, and current, without adding technical work for your staff. Here's what's working behind the scenes.

Hosting & Backups

- 24/7 uptime monitoring
- Hourly local site backups
- Daily off-site backups
- Daily full-server backups

Security & Threat Protection

- Cloudflare defense against attacks and malicious bots
- Global threat intelligence network
- Firewalls and form spam protection
- SSL certificates issued and renewed automatically
- Malware scanning

Software Maintenance

- Prompt security patching
- Ongoing feature and productivity updates

Over 30 years of Website Experience

Longevity matters. AccuNet Inc., the company behind Civic Clarity, has been building, hosting, and supporting websites since 1996.
